PROFILE SUMMARY

I'm a curious and adventurous teenager who's always pushing limits both physically and mentally. I love learning, exploring new things, and taking on challenges. As an outgoing person, I enjoy connecting with people and bringing creativity to everything I do. When I'm not focused on projects, you'll find me traveling, climbing, or trying out crazy new experiences.

EDUCATION

SSC 2025
CHATTOGRAM COLLEGIATE SCHOOL

- Science
- GPA: 5.0 / 5.0

SKILLS

- Web design
- Graphics design (Canva)
- Cyber security (VAPT)
