PROFILE SUMMARY

I'm a curious and adventurous teenager who's always pushing limits both physically and mentally. I love learning, exploring new things, and taking on challenges. As an outgoing person, I enjoy connecting with people and bringing creativity to everything I do. When I'm not focused on projects, you'll find me traveling, climbing, or trying out crazy new experiences.

EDUCATION

SSC 2025
CHATTOGRAM COLLEGIATE SCHOOL

- Science
- GPA: 5.0 / 5.0

PROJECTS & PERSONAL EXPERIENCE

Designed and built several personal websites using HTML, CSS, and JavaScript, improving both user experience and visual design.

Explored cybersecurity by practicing VAPT (Vulnerability Assessment and Penetration Testing) on safe environments, enhancing problem-solving skills.

Created small electronics projects combining coding and hardware.

Committed to physical discipline through 3 years of callisthenics and a year of karate, developing focus, resilience, and goal-setting.

Casual climbing on skyhigh towers and taking crazy adventurous challenges.
